Create, Iterate, Improve

Creative, user-centered UI/UX and product designer with 10+ years designing web and digital products. Skilled at user research, interaction design, prototyping, usability testing, and design systems. Proven track record collaborating cross-functionally (product, engineering, PM, marketing) to deliver responsive web and product experiences that improve engagement and conversion.

Sr. Interactive Web Designer

EXPERTVOICE

July 2021 - July 2025

Interactive Web Designer

EXPERTVOICE

July 2018 - July 2021

Principal Web Designer

BLUEROOF360/BRIVITY

May 2015 - July 2018

- Lead product and UI design for consumer and partner-facing web experiences; owned interaction design, high-fidelity mockups, pixel-perfect UI, and front-end implementation using HTML/CSS/JavaScript.
- Drove UX research and usability testing to validate concepts, iterate designs, and improve engagement.
- Designed system components and prototypes in Figma, improving design consistency and development handoff.
- Collaborated cross-functionally with copywriters, project managers, and developers to deliver responsive marketing microsites and interactive assets focused on product and brand education and recognition.
- Mentored junior designers and contributed to design reviews, standards, and pattern library updates.
